Changes to “TRANSFER STUDENTS” Page 5 in 2017 Catalog

TRANSFER STUDENTS

Students may transfer credits from their previously attended school if the school is an accredited institution verified by SVU. Credit transfers could only be honored during first trimester of enrollment. Credits earned within the same academic level are transferrable subject to the approval of the Dean or Program Administrator. The Dean or Program Administrator will evaluate student transcripts individually and honor transferrable credits only if the course description matches to the course description of SVU. A maximum of 3 credits for each lecture class and 1 credit for lab class is allowed for transferring. Students have the option to challenge any issues pertaining to the transfer of credits by meeting with the Dean or Program Administrator during the student's first trimester attendance at SVU. The student must have the proof documentation to support the challenge. SVU does not currently have an articulation or transfer agreement with any other college or university.

Bachelor's Degree

SVU will evaluate undergraduate academic credit for course equivalencies from four-year institutions and community colleges accredited by agencies recognized by CHEA. Students must request that transcripts from the accredited institutions in which they have
previously attended be sent to the Student Office for evaluation. The procedure for course equivalence is defined in the Evaluation of Transfer Credits. SVU will accept a maximum of 72 credits transferred for the BSCS, BSCE and BBA programs. All transfer course work requires an overall grade point average of “C”, 2.0 on a 4.0 scale. The letter grades and GPA are not transferrable.

**Master’s Degree**
SVU will evaluate graduate academic credit for course equivalencies from institutions of higher learning and accredited by agencies recognized by CHEA. Students must request that transcripts from the accredited institutions in which they have previously attended be sent to the Student Office for evaluation. The procedure for course equivalence is defined in the Evaluation of Transfer Credits. SVU will accept a maximum of 9 credits transferred for the MSCS, MSCE, and MBA programs. All transfer course work require an overall grade point average of “B-”, 2.7 on a 4.0 scale. Letter grades and GPA are not transferrable.

**Evaluation of Transfer Credits**
The evaluation of academic credits will be performed by the Dean or Program Administrator. The Dean will use the syllabi from the transferring institution and the SVU syllabi to determine course equivalency. The Dean or Program Administrator will:

- Compare the course description of the syllabus of the transfer course with the course description of the syllabus of an equivalent course in SVU.
- Allow the maximum of 3 credits for a lecture course.
- Allow a lab course to be transferred only if the lab course has a lecture course that is transferred. The maximum number of credit is 1 for a lab course.
- After course equivalence is determined, only the credit is transferred. The grade from the transferred class is not used in the student’s cumulative GPA.

The student has the option to petition the transfer of credits by meeting with the Dean or Program Administrator during the student’s first trimester at SVU. The student must bring documentation (course syllabus) to support the challenge. After the first trimester SVU will not accept petitions for re-evaluation of the transfer of credits.

**Credit for Prior Experiential Learning**
SVU does not recognize credit for prior experiential learning.

**Changes to “**GRADING POLICY”** Page 12 in 2017 Catalog**

**Changing Programs**

**Students Change to A Different Program or Seek Additional Credential**
For students who are seeking to change to a new program, the credit hours, cumulative GPA and SAP status of the previous program will remain in the new program of study.

For students who are pursuing a different program of study after graduation, the credit hours, cumulative GPA and SAP status of the previous program will not count toward the new program of study.

Students can change their declared academic program of study at any time. To make a program change, the student should complete the Change Major/Program form at the Registrar’s office. The student should meet with the designated Program Director for an interview and discussion of qualifications and goals. The student’s credentials will be assessed to determine the proper classes for the new degree requirements. The specific requirements for changing the major depend on the number of credit hours the student has completed and the requirements of the intended major. Transfer credits approved for the prior degree program will be reassessed to determine the eligibility of transfer to the new degree program. Credits that are transferred during the reassessment do not have the grade transferred.

**Changes to “**ACADEMIC PROGRESS”** Page 12 in 2017 Catalog**

**ACADEMIC PROGRESS**

A student’s progress through the program is based on successful completion of expected competencies.

The faculty determines if the student has demonstrated the knowledge, skills, and approach necessary to be eligible to progress to the next phase. In special instances, the faculty may convene outside of class time to consider cases relating to unusual circumstances, such as probationary or dismissal cases.

**Undergraduate Students**

**Standards of Satisfactory Progress**
All undergraduate students must maintain Satisfactory Academic Progress (SAP) over the course of their study at SVU. Students will undergo SAP evaluations
several times during their attendance at SVU. SAP evaluations will be based upon the following criteria:

A) Every trimester, the student must maintain a cumulative GPA of 2.0 or above
B) After each academic year, the student’s course completion percentage must be at or above 70%. Also, the student must maintain a cumulative GPA of 2.0.
C) After attempting 50% of the normal program length, the student’s course completion percentage must be at or above 70%. Also, the student must maintain a cumulative GPA of 2.0.

Maximum program length is determined for each student at admission. Maximum program length is equal to the number of credit hours required for the student to complete the program times 1.5. The number of credits includes all transferred credits from institutions accredited by agencies recognized by the CHEA.

Academic Warning
The instructor of the course where a student demonstrates unacceptable performance must notify the student of such performance as soon as it becomes evident. The student will be notified that continued poor academic performance can lead to academic probation and dismissal.

Students who do not meet the Standards of Academic Progress will be placed on probation. The duration and conditions of the probationary period will be determined on an individual basis by the Academic Review Committee. The Committee may recommend remedial study and/or repetition of a unit of study.

The “D” or “U” grade and credit would have been used in the cumulative GPA calculation.

Academic Probation
Should a student fail to meet the requirements set by the SAP evaluation, they will be placed on Academic Probation. Academic Probation is defined as a period of time in which a student will be kept under strict scrutiny by an academic advisor to determine if they are able to meet SVU academic requirements to remain in good standing with the university. Failure to satisfactorily complete academic probation will result in disqualification from SVU.

If a student fails to meet SAP, the following procedures must be followed:
A) Students will receive an email notice informing them that they have been placed on Academic Probation.
B) Within two weeks of receiving the email notice, students will be required to meet with an advisor to discuss their probation. Failure to do so will prevent a student from registering for classes.
C) Prior to meeting with the advisor, students must pick up the Academic Probation Letter, Academic Probation Advising Form, and unofficial transcript from the Student Office.
D) At the advising session, students will be instructed on what actions they must take to clear their probation status.

The Academic Probation period is two trimesters from the trimester in which the student was placed on Academic Probation. During the probation study plan, the student will be allowed to take maximum 3 classes for the graduate programs or maximum 4 classes for undergraduate programs.

After the Academic Probation period, the student must meet the SAP Evaluation criteria or the student will be subject to dismissal.

Dismissal
A student may be subject to dismissal from the program for substandard academic or professional performance, as follows:

A) A final grade of “F” in any course;
B) Any event that could result in either academic or professional probation for a student currently on academic or professional probation;
C) Violation of the terms of probation;
D) Repeated tardiness at program-scheduled activities and in meeting deadlines set by the faculty in regards to tests and/or assignments; and/or
E) Failing to complete the required procedures for either Voluntary Withdrawal or Leave of Absence from the university.

Appeal
If the student who is placed in Academic Probation or Dismissal feels that there are unusual, mitigating circumstances, which might lead to an exception being made to academic probation or dismissal; the student may submit a letter of appeal with strong supporting documents to the Academic Dean. Please adhere to the following:

A) The deadline for submitting the appeal letter is two weeks after the probation notice was sent.
B) Please submit legitimate supporting documents to support your claim for an exception.
C) Appealing letter can be sent by email, mail or hand delivers.

Information and deliver method of the appealing letter can be found at Student Office. Students will be notified with an appeal decision by email in three weeks.
Withdraw
Application for voluntary withdrawal from the university must be made in writing to the Academic Dean. Except in special cases, the application will be accompanied by a personal interview. Every effort should be made to assure that no misunderstanding or errors occur in the withdrawal process. Students who leave the University without notifying the Office of the Registrar and not completing the withdrawal procedures within 30 days, will automatically be dismissed from the university. In addition, students must report to the Student Office to sign a withdrawal form before they can officially withdraw from the university. Students who do not complete this procedure will not be considered for readmission at a later date.

Readmission for students withdrawing in good standing is not assured unless it is part of the final agreement made between the Academic Dean and the withdrawing student. This final agreement must be in writing so that it is clear to all parties involved. Students who have not withdrawn in good standing may request readmission through the university’s admissions application process. The Admissions Committee will evaluate the student’s entire academic record and make a recommendation to the Academic Dean.

Leave of Absence
A student in good academic standing may request a leave of absence with the occurrence of a medical problem, serious personal problems or pregnancy.

Students requesting a leave of absence must apply in writing to the Academic Dean. In the event of a medical problem, a letter from a physician describing the condition for which the leave is requested and the estimated length of time needed for recovery must accompany the request.

After consultation with the student, the Academic Dean will decide whether or not the leave is to be granted and the conditions under which the student may return to school. A student requesting a leave of absence during, or at the end of, the academic year must complete the following:

A) Written request for a leave of absence;
B) A leave of absence form from the Registrar. After completing the student’s portion, take the form to the faculty advisor who will consult with the student, sign the form, and write a conference report for the Academic Dean’s use in considering the approval for leave;
C) A personal meeting with the Academic Dean to discuss the reason for the leave; and
D) Official exit interview with the Academic Dean, the Program Administrator, and Registrar.

When all of the above have signed the form, the Registrar will again sign the form and date it, indicating final approval. At this time, the Academic Dean or designee will send an official letter to the student indicating that the leave of absence has been approved and specifying the terms of the leave.

If the leave of absence is approved, the official date of the leave of absence will be the original date of receipt of the student’s request and any tuition charged will be in accordance with the institution’s refund policy. Leave of absence requested for a full academic year may be for one year only with expected reinstatement scheduled at registration for the following year. Leave of absence requested after registration for any given academic year may be granted for a period not to exceed the number of months remaining until the registration date for the next academic year.

It is the student’s responsibility to keep the Registrar informed of any change of address while on a leave of absence.

Graduate Students

Standards of Satisfactory Progress
All graduate students must maintain Satisfactory Academic Progress (SAP) over the course of their study at SVU. Students will undergo SAP evaluations several times during their attendance at SVU. SAP evaluations will be based upon the following criteria:

D) Every trimester, the student must maintain a cumulative GPA of 3.0 or above
E) After each academic year, the student’s course completion percentage must be at or above 70%. Also, the student must maintain a cumulative GPA of 3.0.
F) After attempting 50% of the normal program length, the student’s course completion percentage must be at or above 70%. Also, the student must maintain a cumulative GPA of 3.0.

Maximum program length is determined for each student at admission. Maximum program length is equal to the number of credit hours required for the student to complete the program times 1.5. **Academic Probation**

Should a student fail to meet the requirements set by the SAP evaluation, they will be placed on Academic Probation. Academic Probation is defined as a period of time in which a student will be kept under strict scrutiny by an academic advisor to determine if they are able to meet SVU academic requirements to remain in good standing with the university. Failure to satisfactorily complete academic probation will result in disqualification from SVU.

If a student fails to meet SAP, the following procedures must be followed:

**E)** Students will receive an email notice informing them that they have been placed on Academic Probation.

**F)** Within two weeks of receiving the email notice, students will be required to meet with an advisor to discuss their probation. Failure to do so will prevent a student from registering for classes.

**G)** Prior to meeting with the advisor, students must pick up the Academic Probation Letter, Academic Probation Advising Form, and unofficial transcript from the Student Office.

**H)** At the advising session, students will be instructed on what actions they must take to clear their probation status.

The Academic Probation period is two trimesters from the trimester in which the student was placed on Academic Probation. During the probation study plan, the student will be allowed to take maximum 3 classes for the graduate programs or maximum 4 classes for undergraduate programs.

After the Academic Probation period, the student must meet the SAP Evaluation criteria or the student will be subject to dismissal.

**Dismissal**

A student may be subject to dismissal from the program for substandard academic or professional performance, as follows:

**F)** A final grade of “F” in any course;

**G)** Any event that could result in either academic or professional probation for a student currently on academic or professional probation;

**H)** Violation of the terms of probation;

**I)** Repeated tardiness at program-scheduled activities and in meeting deadlines set by the faculty in regards to tests and/or assignments; and/or

**J)** Failing to complete the required procedures for either Voluntary Withdrawal or Leave of Absence from the university.

**Appeal**

If the student who is placed in Academic Probation or Dismissal feels that there are unusual, mitigating circumstances, which might lead to an exception being made to academic probation or dismissal; the student may submit a letter of appeal with strong supporting documents to the Academic Dean. Please adhere to the following:

**D)** The deadline for submitting the appeal letter is two weeks after the probation notice was sent.

**E)** Please submit legitimate supporting documents to support your claim for an exception.

**F)** Appealing letter can be sent by email, mail or hand delivers.

Leave of absence requested after registration for any given academic year may be granted for a period not to exceed the number of months remaining until the registration date for the next academic year.

It is the student’s responsibility to keep the Registrar informed of any change of address while on a leave of absence.

Minimum Number of Credit Hours
Students must complete an appropriate number and distribution of credit hours to earn a degree.

Unit of credit per clock hour: SVU utilizes the trimester system. Each class is assigned a specific number of credits according to the lecture or lab hours spent. For lab sessions, 1 credit hour equals 15 lecture hours, a total of 30 lab hours. One class hour of teaching or 1 unit of credit hour is 60 minutes in length for each week of a 15-week trimester. Class sessions should equal credit hours multiplied by 60 minutes each week. For example, a 3 credit hour course should meet for a period of 180 minutes each week. In addition, students are expected to have 6 hours of study workload outside the lecture per week. Students earn 3 credits after successfully completing the course work for 15 weeks.

- Bachelor of Science in Computer Science (BSCS) 128 credit hours
- Bachelor of Science in Computer Engineering (BSCE) 128 credit hours
- Bachelor of Business Administration and Management (BBA) 128 credit hours
- Master of Science in Computer Science (MSCS) 36 credit hours
- Master of Science in Computer Engineering (MSCE) 36 credit hours
- Master of Business Administration (MBA) 36 credit hours

Credit hour earned through lab session does not apply.
